## ABOUT JOHN:

I was born and raised in Mississauga and have lived here my entire life. I care deeply for our city, its residents and homeowners; they are my friends, family and neighbours.

I graduated from the University of Toronto and earned an Honours Bachelor of Arts Degree, double-majoring in Literature and History. In order to help pay for my tuition, I learned a trade – carpentry. My summers were spent working on construction sites across Mississauga, contributing to the building of our great city.

Volunteering has always been a big part of my life. I truly believe in the electoral process and have spent the years following graduation working in public service. Recently, I managed a constituency office on behalf of a local Member of Provincial Parliament right here in Ward 4. In that position, I spent my days tending to the needs of local residents. I am a champion of social causes and have worked for a labour union as a liaison between the members and the government.

Mississauga is a diverse city that prides itself on its numerous parks, safe neighbourhoods and citizens who have a strong sense of community. As our great city continues to grow, we must welcome change while still holding true to our core values.

My priority is to preserve the Mississauga that means so much to us by focusing first and foremost on the needs of the taxpayers.

Sincerely,
