

KRISTINA ZANIC

CEO & Founder, Kristina Zanic Consultants

Designer, entrepreneur, and art lover

Kristina Zanic has had a distinguished career as an international designer for three decades, working on projects in over 20 countries.

After starting an interior design company at age 26 and growing it to a multinational firm over 15 years, Kristina set up her eponymous studio in Dubai to offer a personalised service to clients.

Ten years on, the studio has grown to four offices and 180 staff. Working with prominent developers, international hospitality brands, and VIP private clients, Kristina and her team design interiors for hospitality, dining, wellness, and residential spaces across the Middle East, Asia, Africa, and Europe.

Under her direction, the studio has earned several design awards, including #1 Interior Design Firm in the Middle East in 2022. Kristina was also chosen as Leader of the Year at Index Dubai awards in 2021 and as #1 Designer in the Middle East by Commercial Interior Design magazine in 2022.

Kristina's work is inspired by a love of travel and exploring different cultures. Croatian by origin and Australian by birth, Kristina has lived in 5 countries and travelled to over 70, often seeking places off the beaten track. She also has a passion for art and owns an extensive art collection.

Kristina is committed to nurturing new talent and is actively involved in training and mentoring students and young designers.
